Re: Letter Withdrawing Jury Demand and Requesting Bench Trial
Shaffer v. Kavarnos
Case No. 23-cv-10059(KMK)

Dear Judge Karas:

This matter should be set for a bench trial on July 7, 2025. A jury trial is no longer required.

Plaintiff demanded a jury trial. ECF Doc. 1. Defendant did not. ECF Doc. 13.

Plaintiff, by this letter, withdraws her jury demand and waives a jury trial. This comports with Defendant's statement, in the Joint Proposed Pretrial Order that, "Defendant objects to a jury trial as an unnecessary inconvenience and inefficient use of judicial resources." ECF Doc. 48.

Sincerely,
Phillips & Bathke, P.C., by
